

PRICING GUIDE

MAKING MOMENTS LAST A LIFETIME

HELLO AND WELCOME

Thank you so very much for your interest in my photography services.

*My goal is to always provide you with a wonderful experience. This includes a fun session,
high quality images, beautiful products and great customer service.*

Let me tell your story in a way that will make you smile.

My clients mean the world to me and I have crafted enjoyable photography sessions ensuring I deliver unforgettable memories that you, your family and your friends can treasure forever.

"Stories have to be told or they die, when they die we can't remember who or why we are here."

I have very little visual history from my past and as a result I am passionate about providing print and product that will help you cherish the moments we capture together. I am not a digital only photographer but I also don't believe in after shoot sales sessions that can feel a little bit like emotional blackmail. All my prices are laid out in this brochure so you know exactly what to budget for with no nasty surprises!

After-all, it's not a photograph until it's printed!

Please read through this guide to view pricing information and learn about the types of sessions I offer.

Be sure to contact me with any questions you may have, to check availability and book your session.

ONE HOUR SESSIONS

Almost all your family sessions can be captured in an hour long photo shoot (excluding newborns).

Maternity, Children (over 2 months old), Family, Smash and Splash, Prom, Graduation, Engagements,

Christenings and everything else!

I can capture your story either in my home studio in Auchterarder or at a location of your choice.

1

BASIC

1 Hour Session
Online Photo Gallery
Low Res Watermarked images
Option to purchase digital or
printed goods

£175

1

PLUS

£50 Print Credit

£225

For Christenings and Events that require longer than an hour add £50.00 per additional hour to whichever option you choose.

NEWBORN

TWO HOUR SESSIONS

Oh the joy of holding your tiny little baby for the first time! But they grow so fast and you do not want to miss this chance to capture portraits of them to cherish this moment forever. I recommend the best time to photograph newborns is when they are between 6 and 15 days old, but your baby is technically a newborn for 2 months, so don't worry about missing out! Newborn sessions are about 2 hours long to allow plenty of time for soothing and feeding between the various poses including family and siblings if required. Want to capture your baby's first year? Check out 'Grow with Me' overleaf.

GROW WITH ME

Newborn

4 months

8 months

12 months - Smash & Splash

£360.00*

Grow with Me records your baby's first year in beautiful detail, marking those wonderful milestones and huge changes that happen over the first 12 months. You can add this after your newborn shoot for 3 more sessions across the year. At 4 months (or when doing tummy time and smiling), 8 months (or when sitting up unaided) and a 1 year celebratory cake smash and tub splash. *Each session is £120 and you get the high res digitals with each one and the option to purchase other print products. At the end of the year you get a 20-page photo book totally personalised to your little ones first year.

The first year...forever.
